### Summary

---

Self-taught Front-end developer and web3 enthusiast with 2+ years of experience providing impactful web solutions for diverse industry organizations. Skilled in designing, developing, and testing multiple web-based applications incorporating a range of front-end technologies.

### Stack

---

**Frontend:** HTML, CSS, SCSS/SASS, JavaScript (ES6+), React + Redux, Next.js, Styled Components & TypeScript

**Blockchain:** Web3.js, Solidity, Infura, Mocha, Truffle, Ganache CLI & Hardhat

**Tools:** Git, GitHub, GitHub Actions, Firebase, Figma, Adobe XD

### Experience

---

#### Independent Frontend Developer

Nov 2020 - Present

- Implemented well-designed Figma designs to pixel perfection with HTML, CSS, Vanilla JavaScript, React, Next.js and Typescript.
- Utilized Git, GitHub, GitHub CI/CD tools for version control, continuous integration, and managing projects.
- Sought feedback from experienced developers and communities. I also give feedback, provided guidance, and reviewed the codes of developers in the development communities I am part of.

#### Web3 Frontend Developer | Webstacky | Remote

Jul 2021 - Feb 2022

- Responsible for implementing and managing the front-end of decentralized web applications, utilizing technologies such as web3.js to bridge between frontend and solidity code, Mocha for testing smart contracts.
- Collaborated with a team of developers to completely recreate the agency's website with React/Next.js. I adapted to the shift in technologies, learned them, and became a valued member of the team, solving problems and creating working solutions for the needs of the business.

#### Frontend Developer (Intern) | Zuri Team, Inc | Remote

Mar 2021 - Jul 2021

- Managed a team of over 20 members in a two-week hackathon, held during the early stages of the internship. We were able to deliver 90% of the competition requirements.
- Collaborated with a team of developers in the project phase to implement the frontend interface of a crowdfunding application.
- Responsible for managing the project codebase, using GitHub project management tools, issuing tasks and issues, reviewing and merging PRs.
- Mentored colleagues on code best practices, Git, and GitHub usage.

#### UI/UX Designer (Intern) | HNG Internship | Remote

Aug 2020 - Oct 2020

- Planned and designed web and mobile applications
- collaborated with a team of 5 designers on a project to design a mobile app that tracks government expenditure using Figma.

## Education

---

### Bachelor of Science | Obafemi Awolowo University, Nigeria

Sept 2013 – Apr 2018

- Graduated with a Second Class Upper Division (top 10% of the class)
- Took up leadership and mentorship positions within the department

## Project

---

### Designo-Agency Website

[Live Website](#) | [Git Repository](#)

Designo is a multi-page portfolio website created for a software agency.

- Frontend stack: React, Next JS
- Tools/Libraries: Styled Components, react custom hooks
- Deployment: Vercel

## Certification

---

### Ethereum and Solidity: The Complete Developer's Guide

Nov 2021

Certified by: Udemy

### Enterprise Design Thinking Practitioner

May 2020

Certified by: IBM

### CI/CD With GitHub Actions

Feb 2022

Certified by: codedamn.com

### Soft-Skills Certification

Sept 2020

Certified by: Jobberman Nigeria

## Skills

---

- Web Accessibility
- Search Engine Optimisation
- UI Design and Web Animation
- Continuous Integration and Development
- Analytical and Critical Thinking
- Effective Communication and Team Collaboration
- Leadership and Management
- Languages: Fluent in English, Yoruba, and Nigerian Pidgin
